

# Fredericksburg and Este, Italy Association

## 2018 Membership Application / Renewal and Donations

In 2015 we built a new organization with Este, Italy and Fredericksburg, Virginia specializing in cultural, business and special friendships with citizens from both countries. In addition, contributions to international understanding have broadened the education of children and adults in both of our communities through exchanges, information and ideas of the people. Please visit our website for updates and events. [www.fred-este.org](http://www.fred-este.org)

Our success depends on membership and those who actively take part in our programs as well as provide financial support. Won't you become a member?

*Please join today by completing this form and mailing it with your check.*
